RE: Copeland Park Roadway Improvements

Dear Mr. Boukari,

Please accept this letter as my acceptance, as the Engineer of Record for the above mentioned project, for the submitted cost saving alternatives by O'Steen Bros. These value engineering alternatives will ensure the project will be within budget. The only exception to O'Steen Bros' request is that the storm piping crossing under NW 129<sup>th</sup> Way (Sta. 54+31), within the Rachel Road 2054, shall remain as elliptical reinforced concrete pipe.

Should you have any questions or concerns, please feel free to contact me at 352-519-5940 or via email at [daniely@chw-inc.com](mailto:daniely@chw-inc.com).

Sincerely,

Daniel Young, PE  
Senior Project Manager
