

10-42

10-42 is a 501 (c) 3 non-profit organization dedicated to developing a community with a positive affirmation for law enforcement, and to provide resources/emotional support for law enforcement spouses and families within Alachua County Florida.

WHAT WE DO

We have participated in many wonderful events over the last few months. It was our honor to serve GPD officers working on Christmas day last year. Wives cooked, brought in sides and baked a ton of desserts for officers to enjoy! Now that we have wives from APD and ASO we hope to do this again next Christmas and include these agencies!

Officer Down WOD

Officer Down Tribute is a commemorative tribute to all the fallen officers from the past year. Members from multiple agencies as well as friends and families of the officers get together to perform a tribute WOD.

Conceal and Carry

We held a conceal and carry class for wives of officers who wanted to get their license.

We have monthly meetings

Monthly meetings?

We look at our monthly meetings as a time to get out valuable information to the spouses and domestic partners of officers. Communication is key to our success. We have set into play a very effective means of getting information passed along to families. Thanks in part to our Facebook page and our website Alachua1042.org.

During our monthly meetings we discuss the happenings of Alachua/GPD or any other agency that might be present and have something to share. We focus on being a positive voice for officers not only in times of need but as a constant support system.

So far we are 85 strong on our Facebook page! (for a secret group that's pretty darn good)

Why are we telling you all this?
We need you to spread
the word!

ALSO BECAUSE WE ARE HOSTING
A GALA IN HONOR OF ALL
ALACHUA COUNTY LAW
ENFORCEMENT!
