Section 2. PLANNING & COMMUNITY DEVELOPMENT FEE POLICIES

1. No application shall be accepted for processing until the required application fee, or reduced fee established pursuant to subsections 5, 6, 7 or 12, is paid in full by the applicant. An application fee may be refunded only if the application is withdrawn prior to the City incurring direct costs in processing the application (i.e., copying and distributing copies to staff and/or consultants, reviewing application materials, posting and/or mailing public notices, advertising, postage, printing reports, etc.)

2. The City, in its sole discretion, may engage the professional services of outside consultants in disciplines including, but not limited to traffic engineering, civil engineering, electrical engineering, landscape architects, planning consultants, and acoustical consultants, to review and comment on a petition, application, or appeal. The City shall invoice the applicant for all costs associated with expert reviews by outside consultants. All costs associated with outside review fees shall be paid in full prior to any legislative and/or quasi-judicial action of any type or kind on the petition, application, or appeal.

3. In the event that re-advertisement of an application is required due to any delay or postponement requested or agreed to by the applicant, or necessitated by some act or failure to act on the part of the applicant, a supplemental fee for mail-out costs and published advertisement costs will be charged to the applicant. This supplemental fee is intended to cover additional costs for re-mailing and re-advertising an application. This invoice shall be paid in

full prior to any legislative and/or quasi-judicial action of any type or kind on the petition, application, or appeal.

4. A separate fee shall be charged for each action requested unless the Land Development Regulations Administrator determines that the action requested is related to another requested action by the applicant and that the request will require no additional staff time.

5. Notwithstanding any other provision to the contrary, any filing fee required under the City's Planning and Community Development fee schedule may be waived for any applicant which is an agency of the government of the United States, an agency of the State of Florida, and an agency of Alachua County, if a written request is received by the City within five (5) working days of the submission of the application. However, the agency shall be required to incur all costs associated with the published and mailed notification.

6. The Land Development Regulations (LDR) Administrator may reduce a required application fee where it is found that: 1) special circumstances, not under the control of the applicant, justify a reduction in the fee; and, 2) the actual direct cost to the City for processing the application will not exceed the actual fee collected. In no case may a reduced fee be less than the costs incurred by the City associated with published and mailed notification. No request for reduction in the fee shall be considered unless the request is received in writing within five (5) business days following the date an application is submitted to the Planning and Community Development Department.

7. The Land Development Regulations (LDR) Administrator may waive all or a portion of the temporary use permit fee when the LDR Administrator determines that a personal hardship exists on the applicant. The burden of proof of such hardship must be adequately demonstrated by the applicant to the LDR Administrator.

8. Certificate of LDR Compliance fees are non-refundable. This includes, but is not limited to, instances where fees are collected for a determination review associated with an application for a Local Business Tax Receipt which is found to be inconsistent with the Land Development Regulations and thus denied.

9. Full size (24" X 36") Future Land Use Map and Official Zoning Atlas may be purchased for a fee of \$35 per map.

10. Full size (24" X 36") copies of a plat and/or site plan may be purchased for a fee of \$5 per page.

- a. Development of Regional Impact review deposits will be paid upon submittal of an Application for Development Approval (ADA).
- b. A Substantial Deviation and other Amendments, including a Notice of Proposed Change to an existing Development Order, will require a review deposit to be paid upon notification that a Substantial Deviation exists or when an amendment to the Development Order is required or upon submittal of the Notice of Proposed Change.
- c. All work performed by City of Alachua employees, directly and reasonably attributable to the review of and recommendations relating to a Development of Regional Impact application, or an Amendment to a Development Order, shall be paid by the applicant. Fees will be based upon the hourly rate of pay and benefits of each employee performing the work multiplied by the number of hours worked, plus 20% indirect costs based on the hourly rate of the employee. Any other direct costs incurred by the City in connection with the review and processing of a DRI application, including but not limited to advertising, public notice, duplication of materials, telecommunications, and fees for any outside consultants hired by the Planning and Community Development Department, City Manager, or City Commission, shall be paid by the applicant.
- d. The applicant will be required to pay an additional deposit, as may be required from time to time, when review expenses have exhausted 75% of any paid deposit. Whenever an additional deposit of fees is required, such deposit shall be, at a minimum, in the amount of 50% of the initial payment set forth herein. Any auditor fees for establishment and maintenance of this account shall be charged to the applicant.
- e. Upon conclusion of any staff review of any application and other actions required for presentation to the City Commission for final action, all fees calculated by the City of Alachua to be due shall be paid in full by the applicant prior to submission to the City Commission for final action, on any petition, application, or appeal.
