CITY OF ALACHUA GOVERNMENT

GENERAL INFORMATION

The City of Alachua is geographically located in North Central Florida. The City's boundaries encompass 46 square miles. The latest estimate of the city's population is 9,561.

FIVE-MEMBER MAYOR & COMMISSION

The City of Alachua, a political subdivision of the State of Florida, is guided by an elected five-member Mayor and Commission. The Mayor and Commissioners are elected in non-partisan elections to represent the entire City. The Commission performs legislative functions of government by developing policy for the management of the City of Alachua. The City Manager, a professional appointed by the Commission, and the City Manager's staff are responsible for the implementation of those policies. The City contracts out for attorney services.

ROLE OF THE CITY MANAGER

The City Manager is an appointed official who is responsible for carrying out all decisions, policies, ordinances, and motions of the Commission.

The departments under the City Manager are responsible for providing road maintenance, parks and recreation, planning and zoning, law enforcement services, and utility services. Offices that provide support services (human resources, finance, information technology services and others) are also under the direction of the City Manager.

These services are grouped into the following departments: City Commission, City Manager, City Attorney, Finance and Administrative Services, Police, Planning and Community Development, Compliance and Risk Management, and Public Services. Support staff for the City Manager and City Commission report to the City Manager.

INTRODUCTION

This document represents the approved financial budget for FY 2016-2017 for the City of Alachua. The document is divided into seven sections:

Section One - Budget Message
Section Two - Budget Summary
Section Three - Fund Summaries
Section Four - Department Summaries
Section Five - Glossary

Section One - Budget Message contains the City Manager's letter to the Commission regarding various elements of the budget.

Section Two - Budget Summary contains information and graphs about revenue sources; summary tables of the department budgets; a description and summary of the City's interfund transfers; and a summary of funded full-time equivalent positions.

Section Three - Fund Summaries include a budget by fund segment listing detailed information about various funds and their adopted funding levels.

Section Four - Department Summaries includes mission statements and summary budgets for each City department.

Section Five - Glossary includes a listing of various budget document terms.

Persons interested in reviewing any materials or documents comprising the FY 17 Proposed Budget at any level of detail are encouraged to contact the City of Alachua Finance and Administrative Services Department at (386) 418-6100. The Finance and Administrative Services Department's mailing address is: P.O. Box 9, Alachua, Florida 32616. The office is located at 15100 N.W. 142nd Terrace, Alachua, Florida 32615.

Commissioner Gary Hardacre

OFFICE OF THE CITY MANAGER

TRACI L. GRESHAM

September 12, 2016

RE: CITY MANAGER'S FISCAL YEAR 2016-2017 BUDGET MESSAGE

Honorable Mayor and Members of the City Commission:

It is with great pride and respect that I submit the balanced proposed Fiscal Year 2016-2017 Budget for the City of Alachua. As proposed, the Budget totals \$39,570,809, which represents a 28.59% decrease from the prior fiscal year of \$55,412,138 (amended). The decrease from the prior year is due to refunding of the Series 2006 bonds and capital projects funding that will be carried forward into FY 2017. The proposed General Fund budget is \$12,225,872, an increase of 10.17% from the prior fiscal year of \$11,097,588 (amended). Ad valorem taxes, which make up a little more than a third of the General Fund, are projected to generate \$4.10 million. The City's overall taxable value increased 3%. The total budget for Enterprise Funds is \$20,859,304, which is a decrease of 3.21% from the previous fiscal year that totaled \$21,550,228 (amended).

The City's economic development success continues, bringing commercial, industrial and residential development to the community. By diversifying growth, the tax and utility bases are broadened, which work to insulate the City's fiscal parameters from market-driven economic cycling as well as regional and national downturns. In turn, the City is able project stability in its operational budgeting. This is critical in establishing competitive and fiscally responsible tax and utility rates. Therefore, the proposed Budget has been balanced at 5.9900 mills, remaining unchanged from the prior fiscal year. The City will recognize an increase in ad valorem tax revenue in the amount of \$95,501 due to an increase in property valuation. Enterprise funds are evaluated annually to ensure they are self-sustaining. The FY 2017 Budget has been balanced with a proposed overall increase in water and wastewater rates by 2% and electric rates are unchanged from the prior fiscal year. The City's contract amendment with Gainesville Regional Utilities for the purchase of wholesale power took effect in FY 2016, resulting in a substantial decrease in the City's bulk power cost adjustment to electric customers.

The budget development process requires both a macro and micro focus. Every operational detail must be accounted for and the overarching goals of the City Commission must be included. With the City's Strategic Plan in place, capturing the macro level has never been clearer to make certain the fiscal impacts are weighed and allocated. The key initiatives of the City are outlined in the Strategic Plan and the FY 2017 Budget has been guided by accomplishing these initiatives. FY 2017 Budget highlights include significant building capital outlay related to Legacy Park Phase I and the Public Services Operations Center. Other major

funding initiatives relate to the commitment to revitalizing downtown and the Community Redevelopment Agency (CRA). Additionally, the FY 2017 Budget encompasses critical infrastructure allocations and captures organizational restructuring and talent investment.

Building Capital Outlay

The largest capital projects in the FY 2017 Budget relate to the construction of Legacy Park Phase I and the Public Services Operations Center. The Legacy Park Phase I project totals approximately \$7.5 million and the Public Services Operations Center totals approximately \$4.5 million. Both projects utilize funding from the Capital Improvement Revenue and Revenue Refunding Bonds Series 2016. Since both projects are still underway, unexpended funds will be carried forward into FY 2017. Legacy Park Phase I is also funded in part through a General Fund allocation of \$2.25 million in the FY 2017 Budget. This mix funding mechanism for Legacy Park Phase I minimizes the debt service costs in future years, ultimately resulting in a savings.

As part of the City's Strategic Plan, the construction of a multipurpose center for the community became the top City Commission priority. Construction of the facility began in FY 2016 and will continue into FY 2017. Legacy Park Phase I includes a 40,000 square foot multipurpose facility inclusive of four basketball/volleyball courts, a performance stage and multipurpose rooms. The construction also includes a nature trail, pavilions and related entry roadway and parking. The project is slated to be completed by April 2017 and will be one of a kind throughout the region. The residents of the community will have the opportunity to take part in recreation and culture activities in this new elite facility. Furthermore, the City will continue to attract sports tourism to the area, generating an economic return to the community.

The City Public Services Department provides vital services to the community, ranging from utilities to roadway infrastructure. Several divisions of the Public Services Department are spread throughout the City in various locations, including temporary offices. As a result, it becomes challenging to efficiently coordinate work and response activities. The construction of the Public Services Operations Center, which began in FY 2016 will consolidate the Electric, Water, Public Works, Meter Reading and Facilities Maintenance divisions into one location. In addition to better coordination of work activities, the facility has been designed for disaster response in the event a natural disaster hits the area. The 8,000 square foot facility will include office space, training areas and meeting space. As part of the project, a 10,000 square foot warehouse is to be constructed, housing parts used throughout the City's infrastructure. The warehouse will also include spaces for equipment repair and maintenance. The facility is expected to be completed by June 2017 and will result in a continued high level of service delivery.

Revitalization of the Downtown Area and CRA

A primary focus of the City Commission through its Strategic Plan has been the revitalization of the downtown area and the CRA. The City commissioned a market analysis in FY 2016 to evaluate the current CRA and receive recommendations for revitalization. Key findings of the

analysis require funding allocations in order to be addressed. Therefore, the FY 2017 Budget for the CRA provides funding in key areas that will implement the strategy developed in the market analysis. The primary allocation to accomplish the revitalization in the FY 2017 Budget is \$60,000 for the funding of a consultant or staff person to coordinate the functions of the CRA. The duties of the position would include event coordination, marketing, stakeholder outreach, project development, etc. By having a position dedicated solely to the CRA, the City will be able to implement with more focus and efficacy the revitalization strategies.

Another key component in the FY 2017 Budget is an allocation of \$150,000 to be leveraged with potential grant funds for the construction of a downtown parking lot between Main Street and NW 142nd Ter. In order to attract businesses, parking needs to be easily accessible and nearby for patrons and visitors. As part of the revitalization, additional parking improvements are needed to accommodate growth. Other CRA funding allocations include \$30,000 for grants, \$30,000 to continue the Main Street landscape beautification project, \$10,000 for marketing and \$5,000 for signage. The development of the CRA grants program and marketing program will be accomplished in FY 2017 once the CRA coordinator position is filled.

Infrastructure Investment

In order to properly serve existing residents and businesses as well as attract future commercial and residential growth, investment in infrastructure must occur. The City's Strategic Plan outlines initiatives to reduce bottlenecking of water and wastewater infrastructure throughout the City, particularly in critical western portions of the community. The FY 2017 Budget includes funding to address this issue. An allocation of \$400,000 is included to partly fund the construction of a 16" water main along the U.S. Hwy 441 corridor. A wastewater gravity main is also planned for construction in the same area and includes an allocation of \$75,000. These improvements will help provide for additional volume and flows to support development and better serve existing customers.

The City's electric utility will also continue to upgrade key infrastructure throughout the year. However, the most strategic component of the infrastructure investment will be an allocation of \$525,000 in the FY 2017 Budget for the design services for a second electric substation. The existing substation continues to function at an acceptable level, but continued electric system growth requires attention. For this reason, the City purchased an electric transformer a few years ago to prepare to expand the current substation or build a new substation. After extensive review and modeling over the past two years, it is clear that a second substation is in the City's best interest. A second substation will ensure reliability and redundancy in the electric system infrastructure as well as positioning the City for competitive bulk power supply delivery options in the future. The FY 2017 allocation for design services will identify potential locations and design parameters for the new substation. Construction would occur no sooner than FY 2018.

The FY 2017 Budget continues to fund the ongoing commitment to address the repair of City roadways with an allocation of \$200,000 in roadway improvements. The Budget also includes \$20,000 in funding for sidewalk improvements.

Organizational and Talent Investment

Making certain the City functions at the highest possible level of efficiency requires ongoing evaluation of organizational structure and personnel. Maintaining competitive compensation and benefits packages is critical to retaining and attracting well qualified staff to perform the work necessary to accomplish the goals of the City Commission. Since 2008 and subsequent years, the City began to make necessary budgetary cuts to address falling revenues without impacting service levels. Measures included the suspension of many longstanding employee benefits, such as longevity and merit increases, cost of living adjustments, and the educational support program, among others. The FY 2017 Budget proposes the continued suspension of these benefits with the exception of a cost of living adjustment and longevity benefit. The Budget proposes a 2% cost of living adjustment for employees, resulting in a total impact of approximately \$105,000 and the longevity benefit has an impact of approximately \$65,000. The FY 2017 Budget continues to fund employee-only health, dental, vision and life coverages.

During FY 2016, the City utilized a part-time position for a safety specialist. With a workforce of 120 in a variety of disciplines, safety training and an active safety program are critical to reduce workplace accidents and mitigate risk and exposure. The Administration recommends the part-time safety specialist position be transitioned to a full-time position. Therefore, the FY 2017 Budget provides funding in the amount of \$60,150 for the position (of which \$23,000 was budgeted in the prior year for part-time). Much progress has been made in the prior fiscal year as it relates to the City's safety program. By transitioning the position to full-time status, the program will continue to excel. Ultimately, the goal of a safety program is to foster the safest work environment possible to prevent accidents. The additional benefit is the reduction of workplace accidents which also results in reduced insurance premiums for various policies.

Other organizational efficiencies to be captured in FY 2017 include the creation of a Distribution/Collection Division in Public Services. The newly created division does not create new full time equivalents as it is comprised of employees that formerly worked within the Water and Wastewater divisions. The Distribution/Collection Division is responsible for maintaining and repairing water and wastewater lines. By transitioning existing staff members from the Water and Wastewater Divisions into this new division, there will be a central focus and dedication to maintenance and repair of the City's distribution and collection infrastructure. The Water and Wastewater divisions will continue to operate and maintain the water and wastewater treatment facilities. The Facilities Maintenance Division will also absorb the Parks & Recreation Department maintenance staff. This organizational change will establish a City-wide facilities division that will consolidate efforts and create more efficiency through a coordinated response of work activities. This consolidation results in no increase in full time equivalents.

Summary

The FY 2017 Budget is a result of citizen input, public workshops and meetings as well as staff meetings. The Budget is fiscally sound and makes certain the goals of the City Commission are accomplished. The Strategic Plan has been integrated throughout all elements of the Budget and was vital throughout the budget development process. The end goal of providing the citizens of Alachua the best return on their investment has been accomplished with the Budget.

Ultimately, the credit for the FY 2017 Budget is due to the City Commission. As is the case every year, the needs and wants of the community far outweigh the resources available. However, the City Commission's vision for the community and Strategic Plan provide a clear guide to priorities and thus budgetary allocations. The commitment by the City Commission to continue to maintain a high quality of life for our community is unwavering and the new businesses and residents we attract annually are indicative of this dedication. We have great work before us and I am confident that with the team of professionals we have assembled and committed public servants, we are equal to the challenge. It is my humble honor to submit the FY 2017 Budget to the City Commission and I look positively forward to the year to come.

Sincerely,

Traci L. Gresham
City Manager

SECTION 2 BUDGET SUMMARY

INTRODUCTION TO CITY BUDGETING

Defining a City Budget

A city budget is a plan for using City government's financial resources. The budget estimates proposed spending for a given period and estimates the proposed means of paying for them. Two components of a budget are the revenue or sources and the expenditure or uses.

Defining Revenue

Revenues are the financial resources. The City of Alachua has a large variety of revenue sources including property taxes, licenses, permits, charges for services, fines and grants.

Defining Expenditure

Expenditure are a use of financial resources. There are three basic types of expenditures: operating, capital and debt. Operating expenditures include the day-to-day expenses such as salaries, supplies, utilities, and equipment purchases. Capital expenditures include construction of roads, parks, buildings and the purchase of land. Debt is the expense related to principal and interest on long-term bonds and notes issued by the City.

Defining Fund Balance

Fund balances are funds carried over from the previous fiscal year. The City has a variety of uses for fund balance including reserve for future capital projects, for emergencies and catastrophes, for certain bond issues, and for other contingencies and expenditures.

Defining Fund Accounting

Government budgeting divides the budget into categories called funds. Fund accounting and budgeting allows a government to budget and account for revenues restricted by law or policy. Some restrictions are imposed by national accounting standards, the federal and state governments, and by the City Commission. As a result, the City develops a budget with categories to reflect the imposed restrictions. This is done by using a variety of funds. Funds allow the City to segregate the restricted revenues and the related expenditures.

The City budget has various funds that account for restricted revenues and expenditures. Each fund must balance - revenues (sources) must equal expenditures (uses) - and each fund must be separately monitored. The City budget, adopted each year by the Commission, is the total of all funds.

THE BUDGET PROCESS

The process of compiling the City of Alachua annual budget is practically a year-round activity. The basis for the process is statutory deadlines established by the State of Florida. The Finance and Administrative Services Department establishes the remainder of the process to insure necessary information is collected, priorities are determined and recommendations can be made by the City manager to the Commission. The City Manager is the official budget officer for the City of Alachua. The Commission establishes tax rates and adopts the annual budget.

The budget process began with a review and consideration of comments from the prior year budget process. This led to the budget “kick-off” meeting in April 2016 with Department Directors. Directions for the budget process were provided and written budget instructions were distributed. Departments were instructed to prepare budgets using a “continuation” funding level. “Continuation” level funding is the level of funding needed to provide the same level of service in the next fiscal year as was provided in the current fiscal year.

The City Manager formally presented the Proposed Budgets during budget workshops held during the month of August 2016. The workshops held in August provided an initial opportunity to enable the Commission and the public to review, comment and make changes to the budget prior to the formal adoption process that takes place through the month of September. This includes public hearings with the City Commission to discuss the operating budget and the capital improvement program budget.

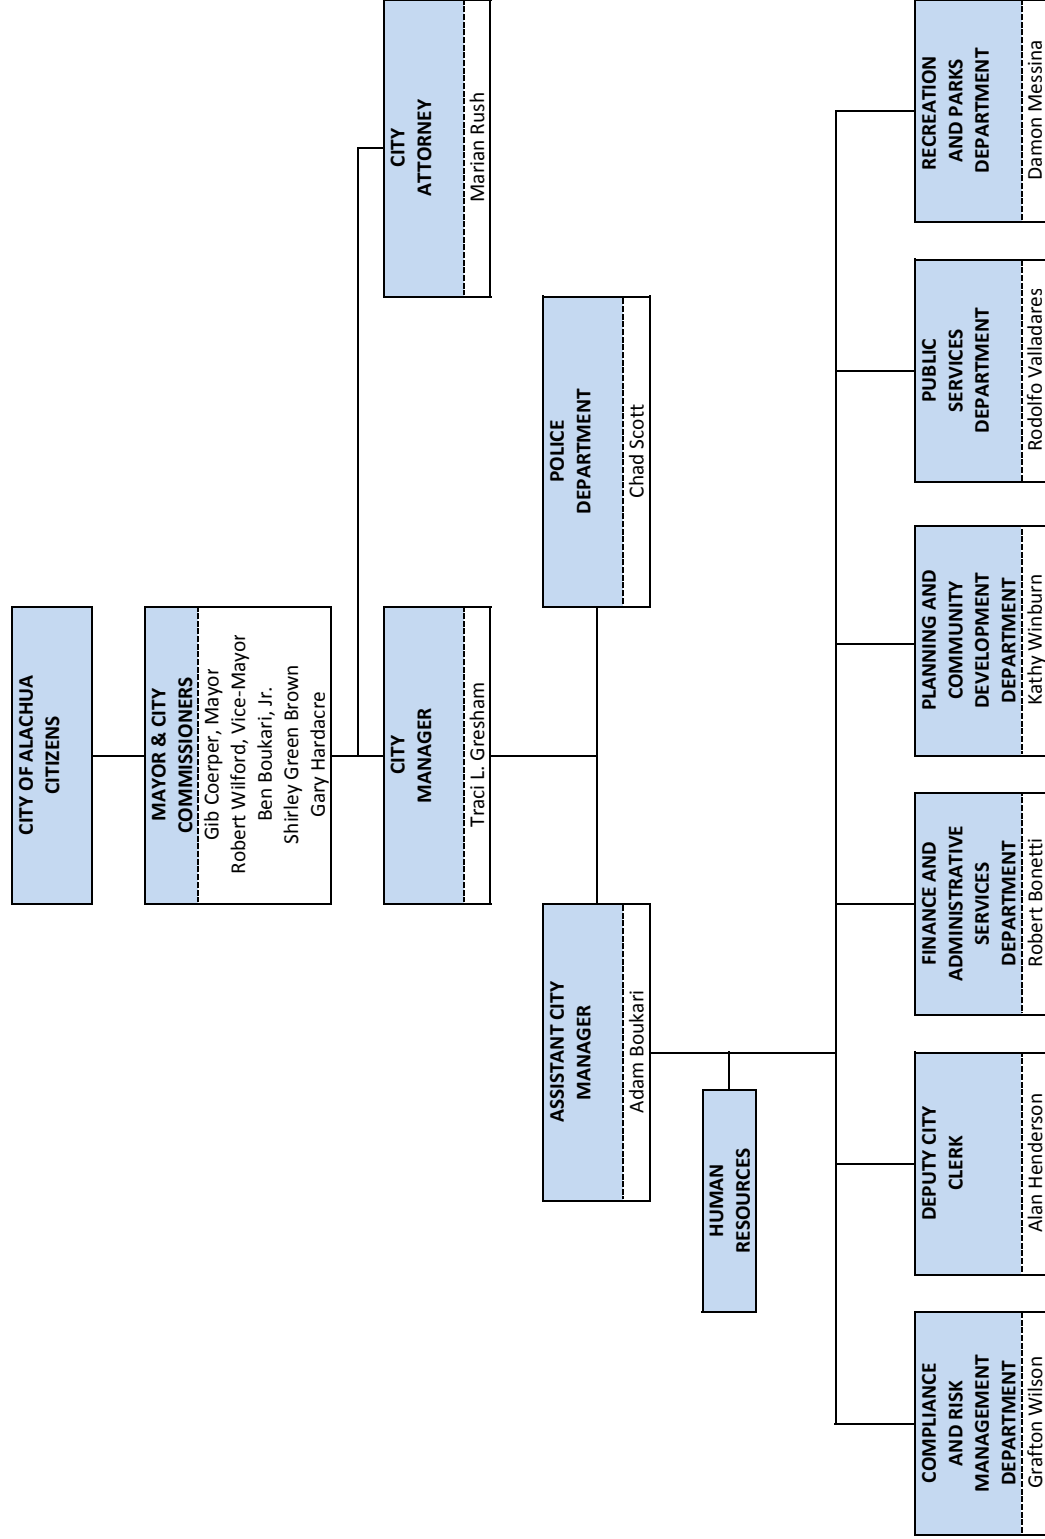

The proposed millage rate for FY 17 was established on July 25, 2016. The proposed millage rates were used by the Property Appraiser to prepare Truth-in-Millage or “TRIM” notices distributed in mid-August. TRIM notices advise County taxpayers of how tax rates proposed by all local taxing authorities, combines with current information on assessed value of real property, will affect the taxes on each taxed parcel of land. The TRIM notice also serves as the official notification of the time and place of the first public hearing for adoption of tentative millage rates and budget by each taxing authority.

State law requires two public budget hearings. The first public budget hearing is to be held on September 12, 2016. After hearing public testimony, the City Commission will adopt tentative millage rates and a proposed FY 17 budget. The second public hearing will held on September 26, 2016. The hearing will be advertised by a published notice along with a published breakdown of the millage rates and budget. Like the first public hearing, the City Commission will hear public testimony prior to adopting the final millage rates and the final budget.

BUDGET PROCESS HIGHLIGHTS

Preparation	April 13	Budget Kickoff Meeting
	May 19	Budget Submissions due from Departments
Review	May-July	Submitted budgets are reviewed by the Finance and Administrative Services Department, Assistant City Manager, City Manager with Department Directors to develop the proposed budget.
	June 1	Preliminary tax roll information from Property Appraiser's Office
	July 1	Official preliminary taxable values are provided by Property Appraiser's Office
Adoption	June-Aug	Workshops are held with the City Commission on the Operating and Capital Improvement Budgets, the tentative millage rate is set and budget issues are discussed.
	August 1 and 22	City Manager presents proposed budgets to the City Commission.
	September 12	First Public Hearing to Adopt Tentative Millage Rate and Budget (required by State law).
	September 26	Second Public Hearing to Adopt Final Millage Rates for 2016 Tax Roll and the FY 2017 Budget (required by State law).

- (1) Additional FTE added during FY 15 for Project Coordinator which was reclassified to Engineer during FY 15.
- (2) Clerical Assistant (1.0 FTE) position transferred from Compliance to Planning in FY 15 - reclassified as Building Assistant I.
- (3) Additional 0.5 FTE for part-time Police Officer added in FY 15.
- (4) Water Distribution/Collections position not funded in FY 15
- (5) Additional 0.5 FTE for part-time Safety Specialist position added in FY 16 and an additional 0.5 FTE in FY 17.
- (6) Additional 1.5 FTE for three part-time Police Officer positions added in FY 16.
- (7) Engineer position replaced by Executive Assistant position in FY 16.
- (8) Executive Assistant position from City Manager moved to Recreation as an Events Coordinator in FY 17.
- (9) Administrative Services (Facilities, IT, and Purchasing - 6.0 FTE) consolidated under Finance & Administrative Services with exception of Human Resources - 2.0 FTE reporting under the City Manager during FY 16. Receptionist position (1.0) added in FY 17.
- (10) APD adding 1.0 FTE Communications Supervisor in FY 17.
- (11) Public Services added an Electric System Planner (1.0) in Electric Enterprise Operations mid-year FY 16.
- (12) Recreation maintenance personnel - 3.0 FTE consolidated under Facilities and custodian position (1.0 FTE) added within Finance & Administrative Services for FY 17.
- (13) Water Distribution/Collections Division created for FY 17 within Public Services. 4.0 FTE moved from Water Enterprise operations and 1.0 FTE from Waste Water Enterprise operations.
- (14) Instrument Technician position funded at 0.5 FTE for Water Enterprise and 0.5 for Waste Water Enterprise for FY 17 replaces 1.0 FTE Water Treatment Operator position from Waste Water Enterprise.

NOTE: Schedule includes part-time employees equivalent to 0.5 FTE each.

ESTIMATION OF THE CITY'S ENDING FUND BALANCE FOR FY 17

The City's estimation of ending fund balance, for budgetary purposes as of FY 17, represents the useable, unrestricted cash balance position on September 30, 2017. This modified measurement is utilized to ensure that the City maintains an annual unappropriated balance at a level sufficient to maintain adequate cash flow and to eliminate the need for short-term borrowing, separate from the reserve for contingency. The total unappropriated balance for the City is approximately \$8.5 million, excluding reserves.

A factor that should be reviewed when estimating the City's position on September 30, 2017 is to project how much of the funds appropriated in the adopted budget will actually be spent, based on past experience and current trends. Any remaining (unspent) funds or excess revenues result in an ending fund balance. Excess revenues may result from a statutory requirement that governments appropriate 95% of certain revenues, which tends to understate collections from certain revenues.

Another factor to consider is to review the budgeted reserves and project what portion of reserves will not be appropriated during the fiscal year. Both factors should be included with the budgeted estimated ending fund balance at September 30, 2017.

Budgeted fund balances presented herein are not a reflection of equity or of the City's overall net position.

The following table presents a conservative fund-by-fund summary of budgeted ending fund balances.

FY 17 PROPOSED BUDGET FUND BALANCE SUMMARY

Fund Title	Estimated Beginning Fund Balance	Revenues/ Sources	Expenditures/ Uses	Estimated Ending Fund Balance

INTERFUND TRANSFER OVERVIEW

A transfer in or transfer out is the transfer of revenue from one governmental unit to another or from one fund to another as a means of financing the recipient unit or fund. The greatest amount of revenue transferred out of the General Fund is for payment of general long-term debt obligations paid from the Debt Service Fund.

Another significant transfer is made from the Electric Utility Fund to the General Fund to help support government functions.

Additionally, each Utility Fund provides transfers into the Internal Services Fund for the operations of the Utility Administration, Utility Operations, Utility Billing, Water Distribution & Collection, Warehouse Operation, and Safety divisions.

Lastly, the Electric and Water Utility Funds provide for the payment of the Internal Services Fund portion of the Series 2016 debt payment and the Waste water Utility provides for a portion of the payment for the Section 108 debt.

SUMMARY OF INTERFUND TRANSFERS FISCAL YEAR 2016-2017

TRANSFERS OUT		AMOUNT	TRANSFERS IN		AMOUNT

SECTION 3 FUND SUMMARIES

BASIS OF ACCOUNTING AND BUDGETING

Because the revenue and expenditure estimates contained in the Proposed Fiscal Year 2016-2017 Budget are based on GAAP, it is important that the reader have an overview of accounting principles as they relate to the estimates. The following is a brief review of the measurement focus and basis of accounting; the two principles which most directly affect those estimates.

Basis of accounting refers to the timing by which revenues and expenditures are recognized in the accounts and reported on the financial statements.

All Governmental Funds are accounted for using what is called the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets. Primary revenues, including taxes, intergovernmental revenues, charges for services, rents, and interest are treated as susceptible to accrual under the modified accrual basis. Other revenue sources are not considered measurable and available, and are not treated as susceptible to accrual. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Exceptions to this general rule include: (1) principal and interest on general long-term debt, which is recognized when due; (2) accumulated unpaid vacation and sick pay amounts, which are not accrued; and (3) certain inventories of supplies, which are considered expenditures when purchased.

The Proprietary Funds are accounted for using the accrual basis of accounting. Under this method, revenues are recognized when they are earned and expenses are recognized when the related liability is incurred.

FUND ACCOUNTING

All Fund Types: FY 17--\$39,570,809

THE FUND STRUCTURE AND GOVERNMENTAL ACCOUNTING AND BUDGETING

The City of Alachua developed the revenue and expenditure estimates contained in the Proposed Fiscal Year 2016-2017 Budget in a manner that follows Generally Accepted Accounting Principles (GAAP). The Budget is organized on the basis of funds, each of which is considered a separate budgetary and accounting entity. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The purposes of the Commission's various funds and account group are as follows:

GOVERNMENTAL FUNDS

General Fund: FY 17--\$12,225,872

The General Fund is the general operating fund for the Commission. It is used to account for all financial resources, except for those required to be accounted for separately. These resources provide funding for programs such as Fire Rescue Services, General Government Administration, Capital Improvement Projects, Recreation Services, Law Enforcement, Public Works, and Planning Services to all residents of the City of Alachua.

Special Revenue Funds: FY 17--\$657,152

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are designated for specified purposes or are restricted in use. Special Revenue Funds include Grant Funds.

Debt Service Funds: FY 17--\$976,966

Debt Service Funds are used to account for the accumulation of resources for, and the payment of general long-term debt, interest, and other related debt services charges.

Capital Project Funds: FY 17--\$2,700,700

Capital Project Funds are used to account for financial resources to be used for the acquisition, construction, or improvement of major capital facilities (other than those financed by the Proprietary Funds and Special Assessment Funds).

PROPRIETARY FUNDS

Enterprise Funds: FY 17—\$20,859,304

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises in which the intent of the governing body is that all costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Internal Service Funds: FY 17—\$2,150,815

Internal Service Funds are used to account for the provision of goods or services by Utility Administration, Utility Operations, Utility Billing, Warehouse Operations, and Postage Services to other departments on a cost reimbursement basis.

SECTION 4 DEPARTMENT SUMMARIES

CITY COMMISSION

Mission of Department:

The City Commission serves as the legislative and policy-making body for the City of Alachua. The Commission also approves the budget and sets millage rates necessary to fund the operations of all City offices, departments and programs.

EXPENDITURES	FY 14 Actual	FY 15 Actual	FY 16 Approved	FY 17 Proposed

CITY MANAGER

Mission of Department:

The City Manager is primarily responsible for the managing of general city government as well as implementing the directives and administering the policies established by the City Commission. The City Manager also serves as the chief liaison between the City Commission, the citizens and City staff. Additionally, the City Manager directs and oversees all Human Resources operations and, albeit reported as separate departments, administers the City Commission, City Attorney and Special Expense budgets.

CITY ATTORNEY

Mission of Department:

The City Attorney provides legal representation and advice to the City Commission, the City departments, and other City boards and agencies. Duties include responding to requests for advice and opinions; preparation and review of contracts, leases, agreements, ordinances, and resolutions; review of costs and fees of the City; review of bond forfeiture remissions; and providing other legal services as necessary.

COMMUNITY REDEVELOPMENT AGENCY - CRA

Mission of Department:

The Community Redevelopment Agency (CRA) is a public body created by the City Commission following Florida Statutes guidelines. The CRA creates a redevelopment plan that will identify specifically any publicly funded capital projects to be undertaken within the community redevelopment area. It is funded through tax increment financing from the City of Alachua and the Alachua County Board of County Commissioners. Budget oversight rests with the Planning and Community Development Department.

SECTION 5

GLOSSARY

GLOSSARY OF KEY TERMS

AD VALOREM TAX is a tax levied in proportion (usually expressed in mills) to the assessed value of the property on which it is levied. This tax is also called **PROPERTY TAX**.

ADOPTED BUDGET is the financial plan for the fiscal year beginning October 1. Florida Statutes require the City Commission to approve this budget at the second of two public hearings.

AMENDED OR REVISED BUDGET is the current year adopted budget adjusted to reflect all budget amendments approved by the City Commission through the date indicated.

APPROPRIATION is the legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and as to the time when it may be expended.

ASSESSED VALUE is a value set upon real estate or other personal property by a government as a basis for levying taxes. The assessed value in the City of Alachua is set by the Property Appraiser.

BALANCED BUDGET is a budget in which revenues and expenditures are equal.

BUDGET is a plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single year. It is usually necessary to specify whether the budget under consideration is preliminary, tentative or whether it has been approved by the appropriating body.

BUDGET MESSAGE is a general discussion of the proposed budget as presented in writing by the City Manager to the legislative body.

CAPITAL IMPROVEMENT PROGRAM (CIP) is the financial plan of approved capital projects, their timing and cost over a five year period. The CIP is designed to meet City infrastructure needs in a responsive and efficient manner. It includes projects which are, or will become the property of the City of Alachua, as well as projects that although not owned by the City, will be part of a joint project agreement.

CAPITAL OUTLAY or CAPITAL EQUIPMENT is an item such as office furniture, fleet equipment, data processing equipment or other equipment with a unit cost of \$1,000 or more.

CAPITAL PROJECT is any improvement or acquisition of major facilities with a useful life of at least five years such as roads, bridges, buildings, or land.

CHARGES FOR SERVICES are revenues stemming from charges for current services. They include all revenue related to services performed whether received from private individuals or other governmental units.

CONTINGENCY is an appropriation of funds set aside to cover unforeseen events that occur during the fiscal year, such as new State mandates, shortfalls in revenue and unanticipated expenditures.

DEBT SERVICE is the dollars required to repay funds borrowed by means of an issuance of bonds or a bank loan. The components of the debt services payment typically include an amount to retire a portion of the principal amount borrowed as well as interest on the remaining outstanding unpaid principal balance.

DEFICIT is the excess of expenditures or expenses over resources.

DEPARTMENT is, for budgeting purposes, any distinct government organizational entity receiving direct funding approved by the City Commission in order to provide a major governmental function, such as Public Services.

DIVISION is a sub-unit of a department engaging in the provision of a large multi-service program. An example would be the division of Utility Operations within the department of Public Services.

ENDING FUND BALANCE is funds carried over at the end of the fiscal year. Within a fund, the revenue on hand at the beginning of the fiscal year, plus revenues received during the year, less expenses equals ending fund balance.

ENTERPRISE FUND is a fund used to account for operations that are financed and operated in a manner similar to private business enterprises, wherein the stated intent is that costs (including depreciation) of providing goods and services be financed from revenues recovered primarily through user fees.

FISCAL YEAR is a 12-month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. The fiscal year for the City of Alachua is October 1 through September 30.

FIXED ASSETS are long-term assets which are intended to continue to be held or used, such as land, buildings, improvements other than buildings, machinery, and equipment.

FTE is the acronym for Full-time Equivalent. See the definition for **FULL-TIME EQUIVALENT**.

FULL-TIME EQUIVALENT is one position funded for a full year. For example, a permanent employee funded and paid for 40 hours/week and 52 weeks/year or 2 employees funded and paid for 20 hours/week and 52 weeks/year would be equal to one full-time equivalent.

FUNCTIONAL CLASSIFICATION is the expenditure classification according to the principal purposes for which expenditures are made. Examples are general government, public safety, and transportation.

FUND is an accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND BALANCE represents the excess of fund current assets over its current liabilities. For accounting purposes, fund balance is calculated as of year end and is based on the difference between actual revenues and expenditures for the fiscal year.

GENERAL FUND is a fund that accounts for all financial transactions except those required to be accounted for separately. The funds resources, ad valorem taxes, and other revenue provide services or benefits to all residents of the City of Alachua.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP) comprises the uniform minimum standards of, and guidelines for external financial reporting that govern the form and content of the basic financial statements. They include not only broad guidelines of general application, but also detailed practices and procedures.

GOVERNMENTAL ACCOUNTING AND FINANCIAL REPORTING (GAFR) is a specific method of reporting “government-type activities” usually not found in private enterprises. GAFR standards are set by the Governmental Accounting Standards Board (GASB).

GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) is an independent private organization responsible for establishing financial accounting standards, otherwise known as GAAP, for state and local government entities.

GOVERNMENT FINANCE OFFICERS’ ASSOCIATION (GFOA) is a national organization consisting of members from state and local governments throughout the United States. Its purpose is to promote improved accountability for state and local governments by providing practical guidance through seminars and publications.

GRANTS AND AIDS includes all grants, subsidies, and contributions from other government agencies or private organizations.

INFRASTRUCTURE is a permanent installation such as a building, road, or wastewater collection system that provides public services.

INTERFUND TRANSFER is the movement of funds from one accounting entity to another within a single government.

INTERGOVERNMENTAL REVENUES are revenues from other governments in the form of grants, entitlements, shared revenues or payments in lieu of taxes.

LEVY is the action of imposing taxes, special assessments, or service charges for the support of City activities.

MAJOR ACCOUNT CODE is a broad designation for more specific line item accounts. The City of Alachua adopts its budget within six major account codes: Personal Services, Operating Expenses, Grants and Aids, Debt Service, Non-Operating and Capital Outlay.

MILL is a monetary measure equating to 0.001 of a dollar. When referring to the AD VALOREM TAX it means that a 1-mill tax is one dollar of tax on \$1,000 of taxable value.

MILLAGE RATE is the rate per \$1,000 of taxable property value which, when multiplied by the taxable value, yields the tax billing for a given parcel.

MISSION STATEMENT is a broad statement of purposes that is derived from organization and/or community values and goals.

NON-OPERATING EXPENDITURES are costs of government services that are not directly attributable to a specific City program or operation. Examples include debt service obligations and contributions to community service organizations.

NON-OPERATING REVENUES comprise income received by a government not directly attributable to providing a service. An example would include debt proceeds received from a bond issue.

OPERATING BUDGET is the budget including appropriations for recurring and certain one-time expenditures that will be consumed in a fixed period of time to provide for day-to-day operations (e.g. salaries and related benefits, operating supplies, professional services and operating equipment).

OPERATING TRANSFERS are legally authorized transfer of money from one fund to another fund from which the resources are to be expended.

PROPERTY TAX is another term for ad valorem tax. See definition for **AD VALOREM TAX**.

PROPRIETARY FUND is a fund category which often emulates the private sector and focuses on the measurement of net income. Expenditures are funded by user charges and fees.

PUBLIC SAFETY is a major category of services related to the security of persons and property.

RESERVES AND REFUNDS refers to budget category for funds required to meet both anticipated and unanticipated needs; the balance of anticipated earmarked revenues not required for operation in the budget year; estimated reimbursements to organizations, state, or federal governments for revenues received and not spent, and those required to be set aside by bond covenants.

RETAINED EARNINGS APPROPRIATION refers to funds set aside within an Enterprise Fund for future appropriation by the City Manager and/or City Commission approval.

REVENUE are funds that governments receive as income, including such items as tax payments, fees for specific services, receipts from other governments, fines and forfeitures, grants, shared revenues and interest income.

REVENUE BONDS are bonds usually sold for constructing or purchasing capital projects. Reliable revenue other than ad valorem taxes is pledged as the source for funding to pay bond principal and interest.

SPECIAL REVENUE FUNDS are funds used to account for proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

STATUTE is a written law enacted by a duly organized and constituted legislative body. Citations are often followed by "F.S." to indicate Florida Statute.

SURPLUS is an excess of resources over expenditures or expenses.

TAXES are compulsory charges levied by a government for the purpose of financing services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits such as special assessments. Neither does the term include charges for services rendered only to those paying such charges as, for example, sewer service charges.

TAX RATE is the amount of tax stated in terms of a unit of the tax base. For example, 4.000 mills yield \$4 per \$1,000 of taxable value.

TAXABLE VALUATION is the value used for computing ad valorem taxes levied against property. Taxable value is the assessed value less any exemptions allowed by law. The most common exemption is the homestead exemption (up to \$50,000) allowed when the owner uses the property as a principal residence. Exemptions are also granted for disability, government owned and non-profit owned property.

TRIM is an acronym for Truth In Millage Law. See the definition for **TRUTH IN MILLAGE LAW**.

TRUST AND AGENCY FUNDS are funds used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

TRUTH IN MILLAGE LAW (TRIM) is a Florida Law enacted in 1980 which changed the budget process for local taxing governments. It was designed to keep the public informed about the taxing intentions of various taxing authorities.

USER (FEES) CHARGES are payments of a fee for receipt of a public service by those individuals benefiting from the service.
