NOW, THEREFORE, in consideration of the foregoing premises, the Parties hereby agree as follows:

1. The above RECITALS are true and correct and incorporated into this PD Agreement by reference.
2. The Owner/Developer shall plan and construct, at the Owner/Developer's sole expense, the Project according to the specifications set forth in the City's LDRs; Ordinance Number 17-10, which is attached hereto as Exhibit "B" and agreed to by the Owner/Developer; and the PD Master Plan documents, which are attached hereto as Exhibit "C."
3. A **Final PD Plan** for the Project (known as a **Preliminary Plat** for single-family detached residential development or a **Site Plan** for non-residential development) must be submitted to the City within one (1) year from the City Commission's approval of this PD Agreement, Ordinance Number 17-10, and the PD Master Plan, for any part or section of the plan for development shown in the PD Master Plan. If a **Final PD Plan** for the Project is not submitted within the required one (1) year period, it shall result in the expiration of the PD-R zone district classification of the Project. If the PD-R zoning expires, the City shall have the right, but not the obligation, in the City's sole discretion, to conduct any hearings necessary to rezone the lands included within the Project to a zoning district of Residential Multiple Family – 8 ("RMF-8").
4. The Owner/Developer shall construct the Project in accordance with its approved PD Master Plan. Deviations from the PD Master Plan that constitute substantial changes as described in Section 2.4.3 of the City's LDRs must be approved in advance by the City Commission.
5. The approval and execution of this PD Agreement does not guarantee the approval of any development permits, including but not limited to a Preliminary Plat, Construction Plans, Final Plat, or a Site Plan for the Project, or for any part or section thereof, for the Owner/Developer or its successors or assigns.

6. Nothing contained in this PD Agreement shall relieve the Owner/Developer, or its successors, assigns, or anyone acting on the Owner/Developer's behalf, from obtaining all local, regional, state, or federal permits or complying with any applicable ordinance, law, rule, or regulation necessary for the development of the Project. In the event that the Owner/Developer, and its contractors, subcontractors, or anyone for whose acts the Owner/Developer or its contractors or subcontractors may be liable or responsible, fails to comply with any applicable ordinance, law, rule, or regulation and such failure tends to or does pose an imminent threat or danger to life or of great bodily injury to any person, the City, through its City Manager or designee, shall have the right to stop work until appropriate corrective measures are taken, in addition to any other remedies available to the City.
7. The Owner/Developer shall indemnify and hold harmless the City, and its officers, agents, employees, or anyone acting directly or indirectly on behalf of the City, from and against all claims, damages, losses, and expenses, including reasonable attorney's fees, arising out of or resulting from a loss in the performance of work, down time of equipment, or any claim that may arise from bodily injury, sickness, disease or death, or the injury to or destruction of tangible property, including the loss of use resulting therefrom, caused in whole or in part by a negligent or wrongful act or omission on the part of the Owner/Developer, and its contractor, subcontractors, or anyone directly or indirectly employed or working on behalf of the Owner/Developer for whose acts the Owner/Developer, or its contractors or subcontractors, may be liable or responsible. The Owner/Developer further agrees that the Owner/Developer shall not insulate itself from liability or responsibility to the City for a default in or failure to perform any of the terms of this PD Agreement, or from responsibility under the indemnification clause contained herein by employment of independent contractors or subcontractors or other entities. The Owner/Developer shall remain liable to the City notwithstanding any attempt by the Owner/Developer to pass any responsibility stated herein to its contractor, subcontractor, or other agent or employee at all times during the existence of this PD Agreement.
8. The Owner/Developer shall pay all costs for the recording of this PD Agreement, the PD Master Plan, and Ordinance Number 17-10.
9. The City may, in its sole discretion, withhold any and all inspections, permits, certificates, or approvals for the Project if such action is deemed necessary by the City to secure the Owner/Developer's compliance with the terms of this PD Agreement, including all documents attached hereto or referenced herein.

10. Except as otherwise provided in this PD Agreement, any notice, request, or approval from either party to the other party must be in writing and sent by certified mail, return receipt requested; overnight delivery with proof of delivery; or by personal delivery. Such notice shall be deemed to have been received when either deposited in the United States Postal Service mailbox, delivered by the United States Postal Service, delivered to the courier, or personally delivered with a signed proof of delivery. 11. The Parties each bind the other and their respective successors and assigns in all respects to all of the terms, conditions, covenants, and provisions of this PD Agreement.
12. If any section, sentence, clause, phrase, or provision of this PD Agreement is for any reason held or declared to be unconstitutional, void, or inoperative by any court or agency of competent jurisdiction, such holding of invalidity or unconstitutionality shall not affect the remaining provisions of this PD Agreement, and the remainder of the PD Agreement after the exclusions of such part or parts shall be deemed to be valid.

15. In the event of any question or dispute arising out of or related to this PD Agreement or action to interpret this PD Agreement, the Owner/Developer

The City and the Owner/Developer expressly acknowledge and agree that this PD Agreement constitutes a regulatory document, and nothing herein, expressed or implied, is intended or shall be construed as establishing a contract upon which a cause of action for breach, monetary damages, or otherwise may be based. Further, no term or condition of this PD Agreement shall be construed as to proscribe, limit, or affect the ability of the City to enforce its Comprehensive Plan, its Land Development Regulations, or any other authority granted by law with respect to The Project, and nothing herein, expressed or implied, contracts away any of the City's police powers, regulatory authority, and/or immunities.
17. The Parties may amend this PD Agreement only by mutual written agreement of the Parties and including the City Commission.
18. This PD Agreement shall not be construed more strictly against one party than against the other party merely by virtue of the fact that it may have been prepared by one of the Parties. It is recognized that all Parties have contributed to the preparation of this PD Agreement and have had the opportunity to consult with legal counsel before signing it.
19. The Owner/Developer agrees that the terms and requirements of this PD Agreement, PD Master Plan, and Ordinance Number 17-10 do not inordinately burden the Property described in Exhibit "A."
20. This PD Agreement constitutes the entire agreement of the Parties and supersedes all prior written or oral agreements, understandings, or representations.

IN WITNESS WHEREOF, the Parties have hereunto set their hands and seals the day and year first above written.

The landscaping and buffering plan shall meet the requirements established by Section 6.2.2, *Landscaping Standards*, of the City's LDRs, or any amendments thereto. A landscape and buffering plan shall not be required if no landscaping required is required by Section 6.2.2 of the City's LDRs.

22. A valid Planned Development Agreement shall be adopted concurrent with the approval of this Ordinance and the PD Master Plan.
23. The development parameters defined herein do not inordinately burden the development of the Property defined in Exhibit "A".

25. The adoption of this Ordinance does not guarantee the approval of any development permits, including but not limited to, a Preliminary Plat, Construction Plans, or a Final Plat for the Project, or for any part or section thereof, for the Owner/Developer or its successors or assigns.
26. All development, including but not limited to new Final PD Plans for the Project, shall be governed by the laws, regulations, comprehensive plan and ordinances in effect at the time of the specific proposed development, and not as of the date of this ordinance.
