BID FORM

Provide bid costs for each item listed below. Bidder is directed to include all costs to complete the work in the bids for the items listed. No additional compensation will be provided to complete the work. **CONTRACTOR shall provide a Unit Price Bid in the format shown below.** This price structure includes all materials, labor & equipment to install electrical conduit base on the following:

Mobilization/Demobilization:

MOBILIZATION AND DEMOBILIZATION: \$ 1,000.00 /EA

Directional Bore Method:

2" HDPE ELECTRICAL CONDUIT: \$ 30.00 /LF

4" HDPE ELECTRICAL CONDUIT: \$ 35.00 /LF

6" HDPE ELECTRICAL CONDUIT: \$ 50.00 /LF

2" & 4" HDPE ELECTRICAL CONDUIT: \$ 55.00 /LF

4" & 6" HDPE ELECTRICAL CONDUIT: \$ 65.00 /LF

Open Cut Method:

2" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 20.00 /LF

4" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 24.00 /LF

6" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 28.00 /LF

2" & 4" Sch. 40 PVC ELECTRICAL CONDUIT: \$ 30.00 /LF

4" & 6" Sch. 40 PVC ELECTRICAL CONDUIT: \$ 40.00 /LF

Pull Box Installation: (PVC, Concrete, Fiberglass)

Pull Box Sizes: (12"x17") (23"x16") (48" x 30"): \$ 1,000.00 /EA

Pull Box Installation: (Concrete)

Pull Box Sizes: (48" x 72" x 40") \$ 1,400.00 /EA

NOTE: COA will furnish ONLY 2", 4", & 6" elbows, transformer pads, and pull boxes for the sizes shown above; CONTRACTOR to provide all other items required to complete the installation of the electrical conduits into transformer, switchgear and pull boxes.

BID FORM

Provide bid costs for each item listed below. Bidder is directed to include all costs to complete the work in the bids for the items listed. No additional compensation will be provided to complete the work. CONTRACTOR shall provide a Unit Price Bid in the format shown below. This price structure includes all materials, labor & equipment to install electrical conduit base on the following:

Mobilization/Demobilization:

MOBILIZATION AND DEMOBILIZATION: \$ 125.00 /EA

Directional Bore Method:

2" HDPE ELECTRICAL CONDUIT: \$ 12.50 /LF

4" HDPE ELECTRICAL CONDUIT: \$ 21.95 /LF

6" HDPE ELECTRICAL CONDUIT: \$ 34.56 /LF

2" & 4" HDPE ELECTRICAL CONDUIT: \$ 34.56 /LF

4" & 6" HDPE ELECTRICAL CONDUIT: \$ 48.35 /LF

Open Cut Method:

2" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 15.90 /LF

4" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 25.42 /LF

6" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 35.20 /LF

2" & 4" Sch. 40 PVC ELECTRICAL CONDUIT: \$ 36.20 /LF

4" & 6" Sch. 40 PVC ELECTRICAL CONDUIT: \$ 52.85 /LF

Pull Box Installation: (PVC, Concrete, Fiberglass)

Pull Box Sizes: (12"x17") (23"x16") (48" x 30"): \$ 425.00 /EA

Pull Box Installation: (Concrete)

Pull Box Sizes: (48" x 72" x 40") \$ 4,800.00 /EA

NOTE: COA will furnish ONLY 2", 4", & 6" elbows, transformer pads, and pull boxes for the sizes shown above; CONTRACTOR to provide all other items required to complete the installation of the electrical conduits into transformer, switchgears and pull boxes.

BID FORM

Provide bid costs for each item listed below. Bidder is directed to include all costs to complete the work in the bids for the items listed. No additional compensation will be provided to complete the work. CONTRACTOR shall provide a **Unit Price Bid** in the format shown below. This price structure includes all materials, labor & equipment to install electrical conduit base on the following:

Mobilization/Demobilization:

MOBILIZATION AND DEMOBILIZATION: \$ 1,100.00 /EA

Directional Bore Method:

2" HDPE ELECTRICAL CONDUIT: \$ 13.00 /LF

4" HDPE ELECTRICAL CONDUIT: \$ 15.00 /LF

6" HDPE ELECTRICAL CONDUIT: \$ 30.00 /LF

2" & 4" HDPE ELECTRICAL CONDUIT: \$ 22.00 /LF

4" & 6" HDPE ELECTRICAL CONDUIT: \$ 50.00 /LF

Open Cut Method:

2" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 13.00 /LF

4" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 15.00 /LF

6" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 30.00 /LF

2" & 4" Sch. 40 PVC ELECTRICAL CONDUIT: \$ 22.00 /LF

4" & 6" Sch. 40 PVC ELECTRICAL CONDUIT: \$ 50.00 /LF

Pull Box Installation: (PVC, Concrete, Fiberglass)

Pull Box Sizes: (12"x17") (23"x16") (48" x 30"): \$ 1,000.00 /EA

Pull Box Installation: (Concrete)

Pull Box Sizes: (48" x 72" x 40") \$ 4,500.00 /EA

NOTE: COA will furnish ONLY 2", 4", & 6" elbows, transformer pads, and pull boxes for the sizes shown above; CONTRACTOR to provide all other items required to complete the installation of the electrical conduits into transformer, switchgears and pull boxes.

BID FORM

Provide bid costs for each item listed below. Bidder is directed to include all costs to complete the work in the bids for the items listed. No additional compensation will be provided to complete the work. CONTRACTOR shall provide a **Unit Price Bid** in the format shown below. This price structure includes all materials, labor & equipment to install electrical conduit base on the following:

Mobilization/Demobilization:

MOBILIZATION AND DEMOBILIZATION: \$ 950.00 /EA

Directional Bore Method:

2" HDPE ELECTRICAL CONDUIT: \$ 11.25 /LF

4" HDPE ELECTRICAL CONDUIT: \$ 17.25 /LF

6" HDPE ELECTRICAL CONDUIT: \$ 28.50 /LF

2" & 4" HDPE ELECTRICAL CONDUIT: \$ 24.00 /LF

4" & 6" HDPE ELECTRICAL CONDUIT: \$ 37.00 /LF

Open Cut Method:

2" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 8.25 /LF

4" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 11.35 /LF

6" Sch.- 40 PVC ELECTRICAL CONDUIT: \$ 18.00 /LF

2" & 4" Sch. 40 PVC ELECTRICAL CONDUIT: \$ 19.50 /LF

4" & 6" Sch. 40 PVC ELECTRICAL CONDUIT: \$ 26.50 /LF

Pull Box Installation: (PVC, Concrete, Fiberglass)

Pull Box Sizes: (12"x17") (23"x16") (48" x 30"): \$ 1,500.00 /EA

Pull Box Installation: (Concrete)

Pull Box Sizes: (48" x 72" x 40") \$ 3,700.00 /EA

NOTE: COA will furnish ONLY 2", 4", & 6" elbows, transformer pads, and pull boxes for the sizes shown above; CONTRACTOR to provide all other items required to complete the installation of the electrical conduits into transformer, switchgears and pull boxes.
